

" As a result of the "AWCF-FK Midterm Review Meeting" held March 16-20, 2009 in Malaysia, I was informed that my translation and writing tasks from Thai to English won't be continued anymore. This will allow me to focus more on developing and conducting the following training courses for CULT: Basic Conversational English, Intermediate English, Basic Writing in English and Presentation in English. I will also develop and produce On-Air English Language Lessons with assistance from CULT's Public Relations Department.

In May, I attended the "Website: Adobe Photoshop CS3 and Joomla! Training" held May 26-30, 2009. In this training, I was able to create a prototype website for the AWCF-FK South South Exchange project (please visit my website at <http://www.awcfffk.cultthai.coop/>). In this activity, I earned a runner-up gift for producing the second best web design at the end of the 5-day training course."
