

*"Having been assigned at NATCCO's MICOOP Program, I was able to attend the following trainings from March to April: "Basic Accounting" (I understood some of the concepts but I am still confused with some of the terms), "MICOOP Governance and Administration Seminar" (I learned the program flow of MICOOP and the contents of a standard Pre-Membership Education Seminar (PMES) Training module used by MICOOP branches), and the "2nd MICOOP Forum" (I became aware of MICOOP's current status after we reviewed the program's performance in 2008 along with the issues and problems it is faced with).*

*In May, Tao and I attended NATCCO's General Assembly held May 23, 2009 at La Carmela de Boracay Resort Hotel, Aklan, Philippines. We also joined AWCf in conducting a "Gender Sensitivity Training (GST)" for the Abra Diocesan Teachers and Employees Cooperative (ADTEMPCO). In this training, aside from learning the concept of gender equality, I also learned other teaching techniques that I can use when I return to Cambodia."*
